

MOUNTAIN BIKE LOOP TRAIL

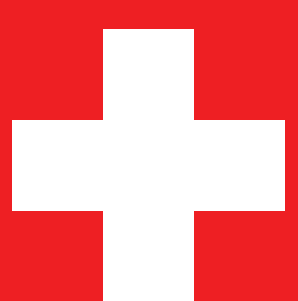

This trail is beginner to intermediate difficulty with optional, skill-building features.

The loop is designed so that less experienced riders can practice skills development in a secluded, approachable area.

If this is your first time here, ride the trail in the clockwise direction. Once you've mastered that, try it in the counter-clockwise direction for an entirely new experience! Dismount and yield for less experienced riders.

TAKE TURNS AND HAVE FUN!

LAGUNA LAKE BIKE PARK IS AN UNSUPERVISED FACILITY
RIDE AT YOUR OWN RISK
